SUMMARY

Frontend-focused developer building responsive, user-focused web applications with React.js, JavaScript, HTML5, and CSS3. Built and deployed multiple projects and gained hands-on full-stack experience through a Full-Stack Web Developer internship at Edwin Incorporation. Currently strengthening Data Structures & Algorithms while growing as a Full Stack Developer.

EXPERIENCE

Full-Stack Web Developer Intern Jul 2026 - Oct 2026
Edwin Incorporation Jabalpur, Madhya Pradesh

- Delivered client projects across front end and back end, achieving a #1 SEO and performance ranking.
- Built a project featuring intelligent email-handling AI agents that automate email-related tasks.

EDUCATION

Makhanlal Chaturvedi National University of Journalism and Communication
Bachelor of Computer Applications (BCA) | CGPA: 8.0/10 Bhopal

PROJECTS

FocusForge – Deep Work Command Centre
React.js, JavaScript, Vite, Custom CSS, localStorage Demo

- Built a minimalist focus timer that helps you stay on task, with adjustable focus sessions and optional breaks.
- Added editable session history and a seven-day activity summary, so you can see how your focus time adds up over the week.
- Saved timer settings and session history locally with localStorage, and styled a clean, responsive monochrome interface with custom CSS.

Cortex – Modern Web Application
HTML5, CSS3, JavaScript Demo

- Shipped a production web application with minimal UI/UX focus — removed visual noise, optimized for performance and usability
- Built with vanilla HTML5, CSS3, and JavaScript using scalable, maintainable component patterns

GitVerse – GitHub Profile Explorer
HTML5, CSS3, Vanilla JavaScript, GitHub REST API Demo

- Developed a responsive GitHub profile explorer using HTML5, CSS3, Vanilla JavaScript, and the GitHub REST API.
- Implemented asynchronous API requests to retrieve public profiles and repositories, including languages, star counts, biographies, and profile links.

Personal Portfolio Website
React.js, JavaScript, Vite, Custom CSS, GSAP Demo

- Designed, developed, and deployed a professional portfolio on Vercel showcasing projects, skills, and development experience.
- Implemented responsive design, GSAP animations, performance optimizations, and lazy loading for fast, cross-device accessibility.

SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3, SQL, C++, Java, Python
Frontend: React.js, Tailwind CSS, GSAP, Responsive Web Design, Web Typography
Developer Tools: Git, GitHub, VS Code, Command Line (CLI), Vite, Vercel, Netlify, GitHub Pages
AI-Assisted Development: OpenAI Codex, Claude, Gemini
Design & Productivity: Figma, Canva, Notion, Adobe Lightroom
